

My Creative Journey Guide

Looking Back

Why do you create...

- What inspired you to start creating?
- What do you get out of creating?
- When and where have you liked creating?
- What project are you most proud of?
- What do you prefer - creating by yourself, with others or both?
- How does it make you feel when you give your project to someone?
- Do you love teaching others what you have learned?
- How does it make you feel when others are inspired

by you and what you share?

Looking Within

- What brings you the most joy?
- What do you wish you could do more of?
- What makes you lose track of time?
- What part of creating makes you the happiest?
- Do you enjoy encouraging others?
- Have you ever wished your creativity could reach more people?
- Would you like to learn alongside other creative people?
- Are you simply looking for a hobby...

or are you wondering if your creativity could become something more?

- How does helping others make you feel?

Looking Forward

Imagine one year from now...

What does your creative life look like?

Would you like to...

- create more often?
 - make new friends?
 - teach a class?
 - attend an event?
 - share online?
 - Simply enjoy a discount?
 - help others?
- 

Dream Bigger

If nothing was holding you back...

- How would you spend your time?
- What would you like to learn?
- What would your day look like?
 - Your week?
 - Your month?
- How would your life change?
- Who could benefit from what you have to share?
- How would that change their lives?

Could becoming a Stampin' Up! Demonstrator become one tool to help you achieve...

- more time to create?
- Ability to purchase more of what you want?
- Earn and income for your creativity?
- Broaden your circle of friends and make new connections?
- Give you the opportunity to travel?
- Provide you with a community that values you and cheers you on?
- Who could benefit from what you have to share?

Looking Ahead

Where do you hope your creativity will take you?

- Five years from now ...
 - Ten years from now...
 - Looking back, what would you do differently?
 - What advice would your future self give you today?
- 
- 

Ask yourself, “What Does Success Look Like to You?”

Success doesn't have to mean building a business.

Maybe success means...

- making time for yourself
- creating every week
- making birthday cards instead of buying them
- preserving family memories
- encouraging others
- Finding lifelong friends

Or maybe...

- you dream of teaching classes
- earning incentive trips
- building a business.

Every journey is different, what does yours look like.

Now let's look back at your answers.

- Do you see a clear pattern?
- Do your answers align with wanting to continue to learn continuing to create
- Do you find yourself earning to grow and becoming something more?

This is a question only you can answer. If, as you've reflected on these questions, you've discovered that your heart is longing for something more, I'd love to visit with you. No pressure, no expectations, just a conversation about where you are today and where you would like your creative journey to take you next?
