

## Supplies

### Paper

- Spooktacular 6"x6" Designer Series Paper \*
- Granny Apple Green \*
- Smoky Slate Cardstock \*
- Pumpkin Pie Cardstock \*
- Very Vanilla Cardstock \*
- Basic Black \*

### Adhesives

- Hot Glue & Glue Gun
- Stampin' Dimensionals
- Multipurpose Liquid Glue
- Mini Glue Dots

### Tools

- Bone Folder
- 1/4" Hole Punch
- Scissors
- Simply Scored Scoring Tool\*
- Paper Trimmer\*
- 2" Circle Punch\*
- Party Banner Dies\*
- Party Alphabet Dies\*
- Web of Fun Dies\*
- Everyday Arches Dies\*
- Scissors

### Accessories

- Essentials Baker's Twine \*

**Kit Note:** If you purchased the Boo Banner Kit from me, your cardstock and Designer Series Paper pieces have already been cut, die-cut, punched and scored for you. You can skip directly to the assembly

## Measurements

### Spooktacular 6" x 6" Designer Series Paper — Monster Faces

- With the lines running horizontally across the paper, cut **5/8"** from **each side** of all four monster-face designs. Final measurement of the Monster face should be 4-3/4".
- **Set the 5/8" strips aside. Do not discard them.** Three of these strips will be used across the tops of the BOO banners and will also act as tabs to connect the banner pieces together.
- Use the **4th largest Party Banner Die** to die-cut each monster face.

### Granny Apple Green, Smoky Slate & Pumpkin Pie Cardstock

For **each color**:

#### Banner

- Cut one piece **4-1/4" x 5-1/2"**.
- Die-cut using the **largest Everyday Arches Die**.

#### Rosette

- Cut one piece **4-1/4" x 5-1/2"**.
- Score every **1/4"** along the 5-1/2" side.
- Cut the scored piece in into **two 5-1/2" x 1-1/2" pieces**

### Basic Black Cardstock

Cut **8-1/2" x 2-3/4"** and use it to die-cut:

- B, O, O
- 2 spiders

### Very Vanilla Cardstock

- Cut **two 11" x 4-1/4"** and use to
  - die-cut 2 spiderwebs.
  - punch 6 circles with the 2" Circle Punch.

- Cut 4 pieces measuring 1/2" x 2" (banner supports)

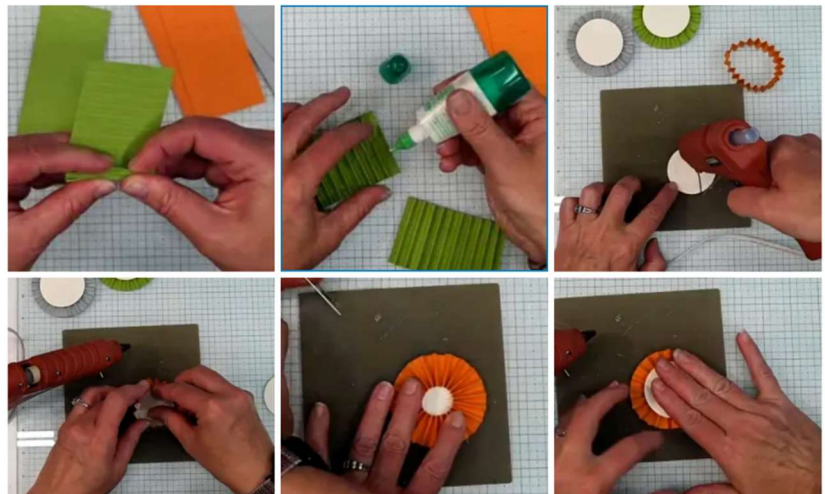

## Assembly Instructions

Private YouTube Tutorial - <https://youtu.be/7gz3TBBAvkU>

### Create the Rosettes

1. Accordion-fold each scored cardstock strip, folding back and forth along the 1/4" score lines.
2. Glue the ends of the two matching strips together with Multipurpose Liquid Glue to create one continuous accordion-folded ring. Allow the glue to dry.
3. Add a generous amount of hot glue to of one Very Vanilla 1-3/4" circle.
4. Flatten the accordion-folded ring into a rosette and position it over the circle. Hold it in place until secure.
5. Add hot glue to a second Very Vanilla circle and attach it to the front of the rosette, making sure it is centered.
6. Attach the Basic Black letters to the centers of the rosettes:
  - **Smoky Slate Rosette — B**
  - **Pumpkin Pie Rosette — O**
  - **Granny Apple Green Rosette — O**

*Just a note if you watch the video you'll see I had the wrong size for these and cut them down. I've fixed the measurements in the instructions so you should be all set.*

## Create the BOO Banners

### Granny Apple Green — B

1. Position the Granny Apple Green arch with the rounded edge at the bottom.
2. Attach part of a Very Vanilla spiderweb to the lower-left corner using Multipurpose Liquid Glue. Trim away the excess.
3. Use the remaining portion of the spiderweb on the upper-left corner and trim to fit.
4. Attach the **Pumpkin Pie striped DSP** across the top of the banner. Center the strip and allow it to extend beyond both sides.
5. Attach the **Smoky Slate B rosette** to the center of the banner.

### Smoky Slate — O

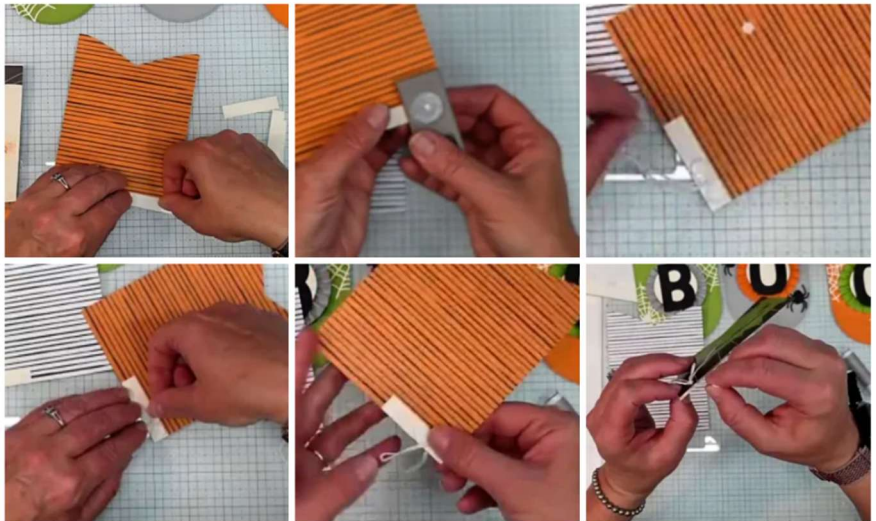

1. Attach the **black-and-white striped DSP** across the top of the banner, centered and extending beyond both sides.
2. Attach the **Pumpkin Pie O rosette** to the center.
3. Use Stampin' Dimensionals to attach one spider near the upper-left corner and one near the lower-right corner.
4. Tie a small bow using 8" of Grey Baker's Twine and attach it to the lower-left side of the O with a Mini Glue Dot.

### Pumpkin Pie — O

1. Attach portions of the second Very Vanilla spiderweb to the upper-left and lower-right corners, using the same technique as the Granny Apple Green banner.
2. Attach the **black-and-Pumpkin-Pie striped DSP** across the top, centered and extending beyond both sides.
3. Attach the **Granny Apple Green O rosette** to the center.

## Create the Hangers

1. On the **back left side of the Dracula panel**, attach one 1/2" x 2" Very Vanilla cardstock strip with Multipurpose Liquid Glue. **Repeat on the back right side of the Frankenstein panel.**
2. Punch a 1/4" hole through each reinforced area.
3. Cut two 12" pieces of Baker's Twine (One black and one white). Create a loop and thread the twine through the hole from front to back.
4. Secure the twine on the back using stampin' dimensionals, then cover it with the second Very Vanilla reinforcement piece. This sandwiches the twine between the two cardstock pieces and helps reinforce the hanger.
5. Tie a decorative bow on the front of each end.

## Connect the Banner Pieces

1. The **5/8" DSP strips** attached across the tops of the three BOO banners will act as tabs to connect the individual banner sections.
2. Place **two Stampin' Dimensionals on each overhanging end** of the DSP strips.
3. Use these tabs to attach the monster-face panels, slightly overlapping the pieces. Attach the monster-face banners to these tabs, allowing the pieces to overlap slightly and the finished banner to curve naturally.
4. Assemble in this order:

**Dracula → B(green) → Pumpkin → O(smoky) → Skeleton → O(pumpkin) → Frankenstein**

Once everything is securely attached, your **Boo Banner is ready to hang and enjoy!**

I hope this banner brings a smile to your face each Halloween and be sure to check out more tutorials on my blog at [StampinWithCandice.com](http://StampinWithCandice.com).

**Let's learn, create, connect, and grow together—one project at a time. 🦋**

Happy Stampin'!
